

MEMORANDUM

To: U.S. EPA FOIA Office
From: Patrick Durkin
Re: FOIA for EPA risk assessments on Clethodim and Fluazifop-p-butyl
Date: August 19, 2013

SERA Inc. is under contract to the USDA/Forest Service [Contract No. AG-3187-C-1 2-009; Order No. AG-3187-D-12-0081] and is being assigned a task to prepare risk assessments on Clethodim (PC Code 121011) and Fluazifop-p-butyl (PC Code 122809). The primary contact at USDA/Forest Service is:

Dr. Harold Thistle
USDA Forest Service
Forest Health Technology Enterprise Team
180 Canfield St.
Morgantown, WV 26505
Email: hthistle@fs.fed.us
Telephone: 304-285-1574

I have conducted a preliminary review of EPA's web sites on these herbicides and I have the T-RED and the HED chapter on Fluazifop-p-butyl.

I have not been able to locate EFED risk assessments on Clethodim or any EPA risk assessments on Fluazifop-p-butyl. The Clethodim Summary Document Registration Review: Initial Docket (September 2008, EP A-HQ-OPP-2008-0658) states that the most recent ecological risk assessments on clethodim was completed by the Agency on October 1, 2007 and the most recent human health risk assessment was completed by the Agency on September 28, 2007. I have not found any information on the Agency's most recent ecological risk assessment on Fluazifop-p-butyl.

I would greatly appreciate it if you would send me the Agency's most recent human health risk assessment on Fluazifop-p-butyl as well as the Agency's human health and ecological risk assessments on Clethodim.

I believe that you will provide electronic copies of the documents. In this case, please email the file to SERA_INC@msn.com. If you elect to send a hard text copy, please use the address below:

Syracuse Environmental Research Associates, Inc.
Attn: Patrick Durkin
8125 Solomon Seal
Manlius, N.Y. 13104

I am including with this request a signed copy of the Affirmation of Non-Multinational Status form. Thank you very much for your assistance.

cc Harold Thistle, USDA/Forest Service
